FROM THE EDITOR

Hi Vivarians! Hope everyone had a cheerful and memorable celebration during the Lunar New Year celebration which this year kicked off with a bang. We had lions prancing and dancing around the mall, amusing and entertaining our shoppers throughout the Lunar New Year celebration. The highlight of the celebration at the mall was our High Pole Lion Dance which was a crowd drawer. Also, the 24 season drum performance was a sight to behold, with the reverberation of the drum echoing throughout the mall. Shoppers were also able to enjoy classical Chinese orchestra and traditional dances which is a rare sight to behold.

With the passing of the Lunar New Year, the harvest festival and Ramadhan are just around the corner. The two festival will be celebrated back to back. In this issue of Vivarious, you will be treated to the multitude of delicacies which will be served during the festive season. From the renowned savoury rendang, to the fragrant manok pansoh (bamboo chicken), visitors who are invited to the houses where the celebration is held will not be disappointed with a table full of food. During this two festive season, we hope you will be able to enjoy the graceful movement of the traditional Malay dance as well being enchanted by the rhythmic movement of the local Dayak ladies.

Chugging along into the second half of the year, do expect more variety of brands to open at the mall. Brands like Dubuyo and Sakae Sushi is not a stranger to everyone. Do check out the list of upcoming brands here inside this issue of Vivarious.

And without further ado, I present to you this edition of Vivarious Magazine. Please enjoy it and see you in the next issue. Before I sign off, I would like to wish all our readers, Selamat Ari Gawai and Selamat Hari Raya.

Vivarian stories

Alex

Maintenance Officer

"Joining Vivacity Megamall in September 2015 as a maintenance technician has been challenging as the mall was going through final touch up and getting it all ready for opening during the end of the year. Also during the years of the mall operation, there were many obstacles faced but with each stride taken, I have gained valuable experience through this job which enables me to tackle them with ease if any ever surfaced."

Davin

Carpark Supervisor

"Being a Carpark Supervisor, my responsibility is to ensure all the car park system is operating properly daily and also, to know how to deal with the system in cases of any technical issue or error. Throughout my career, I grow to learn how to communicate well as well as how to handle situation and talk to our customers who face issues with our car park system, solving the issue as quickly as I can so our customers can be on their way. "

Osmond

Security Supervisor

"I started working at Vivacity Megamall as a normal security officer since 2015 and currently, a supervisor. The job has been a tough one. From dealing with customers to ensuring contractors and suppliers adhere to the mall's rules and operation procedures, there has been many ups and downs as well as bitter and sweet experience. However, with great support from my fellow colleagues and team members, the experience has been priceless. I take pride in my job and execute it with assertiveness, honesty as well as being collaborative and having a good teamwork spirit"
